Title: Core Principles & Other Requirements for DCMs (OMB Control No. 3038-0052). This is a request for a revision and extension of a currently approved information collection.

Abstract: The regulations governing designated contract markets (“DCMs”) originally were adopted pursuant to the Commodity Futures Modernization Act of 2000, which amended section 5 of the Commodity Exchange Act (“CEA”) to impose requirements concerning the registration² and operation of DCMs.³ The DCM statutory framework subsequently was revised as a result of further amendments to the CEA under Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Dodd-Frank Act”).⁴ Part 38 of the Commission’s regulations governs the activities of DCMs. The information collected pursuant to Part 38 is necessary for the Commission to evaluate whether entities operating as, or applying to become, DCMs comply with the Part 38 and other Commission requirements and the CEA’s statutory requirements.

Collection 3038-0052 was created in response to the Part 38 regulatory requirements for DCMs. In general, OMB Control Number 3038-0052 covers all information collections in Part 38, including Subpart A and the DCM core principles (*i.e.*, Subparts B through X) as well as the related appendices thereto (*i.e.*, Appendix A—Form DCM; Appendix B—Guidance on, and Acceptable Practices in, Compliance with Core Principles; and Appendix C—Demonstration of Compliance That a Contract Is Not Readily Susceptible to Manipulation). Further, this OMB control number, 3038-0052, also includes all information collections related to Part 9 (“Rules Relating to Review of Exchange Disciplinary, Access Denial or Other Adverse Actions”) to the extent Part 9 is

applicable to DCMs.⁵ This collection also includes the requirements under regulation 38.251(g) in connection with the reporting of specific market disruption events to the Commission.

This OMB control number, 3038-0052, also includes collections under regulation 1.52 regarding the Enhanced Protections Afforded Customer and Customer Funds Held by Futures Clearing Merchants and Derivatives Clearing Organizations. Commission regulation 1.52 imposes information collection burdens on DCMs.⁶

Additionally, this OMB control number, 3038-0052, also includes collections under regulation 38.1051(n) that relate to system safeguards and cybersecurity testing requirements and requires DCMs to provide the Commission with annual trading volume information.

For the majority of collections under OMB control number 3038-0052, the Commission notes that the number of registered, active DCMs has increased from 14 to 16. This increase in the number of registered DCMs will increase the total information collection burdens for OMB control number 3038-0052 as shown below.⁷

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On April 28, 2022, the Commission published in the Federal Register notice of the proposed extension of this information collection and provided 60 days for public comment on the

⁵ Section 38.707 specifically references Part 9. Accordingly, the Commission's previous information collection estimates under Part 38 have included compliance with Part 9 to the extent applicable to DCMs. The Commission is referencing DCMs' compliance obligations with Part 9 for the sake of clarity, but this does not represent a new or modified information collection.

⁶ The Commission notes that § 38.605 incorporates and references § 1.52. Accordingly, the Commission's previous information collection estimates under Part 38 have included compliance with § 1.52 to the extent applicable to DCMs. The Commission is referencing DCMs' compliance obligations with § 1.52 for the sake of clarity, but this does not represent a new or modified information collection.

⁷ For the collections related to Commission regulation 38.251(g), the Commission notes that the number of registered, active DCMs has decreased from 17 to 16. This decrease is reflected below for collections related to Commission regulation 38.251(g). However, despite this decrease, the total information collection burdens for OMB control number 3038-0052 will increase.
